Dear Suzann:

We have completed our investigation into the above referenced claim and find that coverage will be afforded under the Equipment Breakdown Coverage Form. Our investigation has revealed that the motor for the town Siren burned out. The cause for the burn out was not able to be determined. The burning out of the motor is considered a covered cause of loss.

We have received and reviewed the submitted proposals in the amount of \$7,405.00 and \$12,812.55. Our liability will attach to the bid of \$7,405.00, less the applicable \$500.00 deductible. You can certainly have the work completed by either vendor and pay any difference above and beyond our extent of liability.

In order to expedite settlement it is requested that we be provided with an itemized statement of claim, fully supported by invoices and any other related documents. The requested documents may be either emailed to: Joetta_baumtrog@hsb.com, Faxed to: 763-428-7666; or mailed to: 22247 144th Circle, Rogers, MN 55374.

Please include claim number PH-258696 with all submitted correspondence. Once we have received and reviewed the requested documentation we will finalize this claim. In the meantime if you have any questions or concerns you may reach me at 763-428-9148.

Sincerely,
